OVERVIEW

Pump enclosures by Clean Logix help contain spills, sprays and other unexpected pump occurrences.

The PBX series is comprised of four models to accommodate a variety of pump sizes and brands with several mounting options to meet the installation needs of any facility.

CONTAINMENT

The enclosure helps to contain pump spills or sprays during unexpected events, while a built-in drain for individual PBX enclosures routes leaks to a safe location.

DURABILITY

Constructed of HDPE, PVC, and Stainless Steel materials the enclosures for each PBX are built to last and withstand chemical exposure in even the harshest environments.

CONTROL

A built-in latch with pad-lock port provides the option to physically lock the enclosure. Giving plant managers the ability to restrict pump access to only authorized employees.

FEATURES

INDIVIDUAL OR CABINET MODELS

The PBX line offers enclosures for a single, individual pump or cabinets that can hold up to 4 types of 1/4" pumps. Pre defined mounting holes allow for a variety of pumps to be quickly installed without needing to measure or dill new holes.

ACCESSIBILITY

Large access doors with viewing windows allow pumps to be accessed for inspection and maintenance. Individual enclosures include clamshell doors that can be removed without tools for even more working room.

MOUNTING OPTIONS

With multiple mounting options, the PBX can integrate into any facility. Mounting feet for shelf or wall installations are included for individual pump models, with optional mounting rails available to accommodate multiple PBX units quickly and easily.

PUMP PLATE

A pre-drilled mounting plate provides quick installation for a variety of pumps. The pump and plate can be easily removed with plumbing still attached, without the need for any tools, by sliding the plate in and out of the enclosure.

**Mounting rails sold separately*

PBX-100

24" x 25 5/32" x 19 13/32"
22" x 18" x 13 5/16"

- Graco® Husky™ 1050
- Wilden® Advanced™ P200
- Yamada® NDP-25

PBX-50

14 1/4" x 19" x 17"
12 1/8" x 11 1/4" x 11 7/16"
